On August 25, 2005, Dr. Peggy Drexler talked and autographed her recently published book, *Raising Boys Without Men: How Maverick Moms are Creating the Next Generation of Exceptional Men*. Dr. Drexler's book reports the results of her study comparing boys raised in female-headed households with those raised in traditional mom and dad families. The book offers an inclusive vision of what family can mean and the author's blueprint for raising happier, healthier sons.
